

Bernard Little - Owner, CJ4 SN 85

I retained the services of Derrick Schmidt at jetAVIVA to assist me with the delivery acceptance of my new CJ4 this past week, and it was one of the smartest decisions I have made in a long time! It was also one of my best investments. These are hand built, complex and complicated aircraft, and in my opinion it requires a highly experienced professional to accurately assess the condition of the aircraft at delivery. Derrick has that experience and knowledge, which perfectly suits him for the task. In my case, he not only made sure my aircraft was cosmetically perfect, but mechanically sound too. What Cessna hoped would be a 2 day event turned into a 9 day event as Derrick pushed them hard to make sure the aircraft was perfect. I would highly recommend Derrick to anyone taking delivery of a new/used Cessna Citation aircraft.
